

PRANSHU B. WATVE

SAP MM/EWM Functional Consultant | S/4HANA | Supply Chain | 7+ Years Experience

Bangalore, India | watvepranshu03@gmail.com | +91 7767066357

PROFESSIONAL SUMMARY

Results-driven SAP MM/EWM Functional Consultant with 7.9+ years of experience delivering end-to-end SAP implementations, rollouts, and support projects across manufacturing and aerospace industries. Proven expertise in S/4HANA, Procure-to-Pay (P2P) processes, Extended Warehouse Management (EWM), and cross-functional integrations with Ariba, Salesforce, and third-party systems. Adept at stakeholder management, ABAP coordination, and driving process automation that measurably improves SLA and MTTR metrics.

CORE COMPETENCIES & TECHNICAL SKILLS

- | | | |
|-------------------------------------|---------------------------------|---------------------------------------|
| • SAP MM – Material Management | • Warehouse Management (WM) | • RICEFW / BADI / BAPI / ABAP Support |
| • SAP EWM – Extended Warehouse Mgmt | • Release Strategy & Workflows | • Ariba & Salesforce Integration |
| • S/4HANA Configuration | • Stock Transfer Orders (STO) | • Agile / Azure DevOps |
| • Procure-to-Pay (P2P) Process | • Inbound & Outbound Processing | • SIT / UAT / Go-Live Support |
| • Inventory Management (IM) | • Wave Management & WOCR | • MS Office, MS Excel |

SAP FUNCTIONAL EXPERTISE

SAP MM:

- Normal P2P process, Return Order, Repair Order, Consignment Process, Consignment Settlements, STO process (Intercompany)
- Purchasing document configuration, Purchase Groups, Material Groups, Release Strategies, Contracts, Custom Document Types
- Plant creation, Storage Location setup, Smart Forms development for PO, SPED output types
- Third-party integrations: SAP Ariba, Salesforce; Mass material uploads and ABAP logic support

SAP EWM:

- Queue monitoring & resolution, Wave Management, WPT determination, WOCR configuration
- Goods Issue and Putaway strategies, POSC and LOSC determinations, PPF triggering, Internal movements
- Inbound/Outbound process configuration, SAP ECC–EWM document type and item type mapping
- System setup and integration of SAP ECC and SAP EWM environments

PROFESSIONAL EXPERIENCE

Functional Analyst – SAP MM/EWM | Airbus India Private Limited | Bangalore, India

July 2023 – Present

Key Achievements:

- Automated PC23 Monitoring process: developed logic to identify and auto-delete erroneous outbound deliveries (WM-PP flows) in Non-EWM warehouses where ODs were generated without stock – eliminating recurring manual effort.
- Automated resolution of multiple MBGMCR error messages, reducing manual intervention and improving system stability across warehouse operations.

Roles & Responsibilities:

- Led complete knowledge transfer and handover of SAP SPA system (ECC 6.0) as part of Spanish project transition – covering Normal PO, UB Stock Transfer, Subcontracting PO, IM/WM activities, print issues, and serial number handling.

- Acted as backup team lead managing a team of 7 consultants: daily connects, incident resolution guidance, hygiene checks, and monitoring SLA, MTTR, and KPI compliance.
- Traveled internationally to France (Toulouse), Germany (Bremen), and Spain (Getafe) to understand business processes including BSQ, KANBAN, MDU, ASRS, quality notification handling, shipment processing, and WM-PP flows; subsequently trained L1 support team on end-to-end flows.
- Resolved complex P1/P2/P3 incidents across logistics and MM functions; performed SPRO configurations for STO, shipping points, plant/storage location creation.

Senior Associate Consultant – SAP MM/EWM | Infosys Limited | Pune, India

June 2021 – July 2023

Key Achievements:

- Drafted comprehensive RFP for warranty process with improvement recommendations; proposal was selected over 4 competing vendors for NRPC Amtrak US semi-government rail project.
- Automated EWM error message handling for 'serial number already exists in warehouse' scenario – resulting in reduction of ~30 incidents annually, directly improving MTTR and SLA performance.

Roles & Responsibilities:

- Resolved complex P1, P2, and P3 incidents across SAP MM/EWM; performed SPRO customizing for logistics functions including plant/storage location creation, shipping points, and STO process configuration.
- Developed and maintained RICEFW objects: Z-Reports, Enhancements, BADI/BAPI/Function Modules in MM and EWM.
- Managed Purchase Groups, Material Groups, Release Strategies, New Plant Creations, Contracts, Custom Document Types; configured third-party integrations with Ariba, Salesforce, and EWM.
- Performed mass uploads of materials and provided logic to ABAP team for custom development.

Associate Consultant – SAP MM/QM | Wipro Limited | Pune, India

October 2018 – June 2021

Roles & Responsibilities:

- Worked as SAP MM/QM consultant on Philips Industrial Blue Heart Program – delivered Rollout Project for North American sites.
- Configured SAP MM capabilities: Normal P2P, Return Order, Repair Order, Consignment Process & Settlements; developed Smart Forms for PO; designed Release Strategy workflows; set up STO for intercompany codes with SPED output types.
- Configured SAP QM: Catalog Codes for UD, Quality Notifications, Results Recording; developed Z-Reports for Audits and Material Review Boards.
- Supported SIT/UAT/PQ/OQ and deployment to production phases; provided hyper-care post go-live support.
- Engaged directly with business stakeholders on requirements feasibility; worked on User Stories using Agile methodology; handled Azure DevOps tool.

Production Supervisor | Jagdeesh Iron Steels Private Limited

July 2014 – June 2015

- Supervised production of automobile components in foundry; handled procurement processes.

PROJECT HIGHLIGHTS

Philips Implementation & Rollout (Wipro):

- Delivered end-to-end implementation of key SAP MM objects: purchasing document configurations, Release Strategy, STO setup, Z-condition types, and Purchase Groups.
- Supported SIT, UAT, go-live, and hyper-care; delivered business demos using Agile methodology; maintained cutover objects; extended functionality to additional plants under Rollout project.

S/4HANA Internal Project (Wipro):

- Set up SAP organizational structure (plants, storage locations, warehouse) in S/4HANA test systems for internal Funds & Grants Management project; supported bidding qualification process.
